

The CASA Photo Sheet

~Instructions~

Instructions for photographing your CASA child(ren):

1. Take several shots of each child; shots both indoors and outside are preferable, if possible.
2. Take one child at a time.
3. You may take sib group photos, but only in addition to individual photos of each child.
4. Photos from the chest up are best for our purposes.
5. Avoid light coming from a source BEHIND the child (windows, sun, etc.)
6. Do your best to capture the child's personality and current demeanor. Child does not need to be smiling.
